November 8-10, 2016 • New Orleans, LA

Hotel Monteleone • 214 Royal Street (French Quarter)

THE UNIVERSITY of
TULSA

*Continuing Education for
Science & Engineering*

ABOUT THE CONFERENCE

For the past 22 years, the International Petroleum Environmental Conference (IPEC) has brought together professionals involved in developing and implementing technology to address and resolve E&P environmental problems, sharing their best practices and information regarding advances in emerging technology.

Participants of this long running conference work in industry, government and academia across the U.S. and international locations. It continues to provide them with a forum to discuss various aspects of current oil and gas environmental issues.

Several companies have been IPEC Corporate Sponsors such as Devon, Chevron, ConocoPhillips, DeepEarth Technologies, Inc., ALLU Group, Inc., Directed Technologies Drilling, Inc., Cirrus Associates, LLC, Directional Technologies, Inc. Explorer Pipeline, Primary Natural Resources, Samson, Rosengarten, Smith & Associates, Inc., Ziltek Pty Ltd, and many others.

It is with the support of our corporate sponsors that this conference has grown to be one of the best of its type in the nation.

WE INVITE YOUR COMPANY to join this prestigious list of organizations who have chosen to have their names associated with IPEC: one of the industry's most highly-respected conferences focusing on the environmental concerns of the industry. So consider the impact that being an IPEC Corporate Sponsor will make on your customers and prospects.

IPEC Corporate Sponsorships are available at varying levels and provide advantages that include:

- Positioning your company as a leader at an event where key decision-makers are gathered.
- Increased visibility, exposure and name awareness for your company.
- Complimentary full IPEC conference registrations for company representatives.
- Advertising opportunities in the IPEC Book of Abstracts given to each participant.
- Brand-building exposure on conference signage and in the conference program.

The International Petroleum Environmental Conference (IPEC) continues to be a **"solid contribution to the industry's knowledge-base"**.

WHO ATTENDS THE IPEC CONFERENCE?

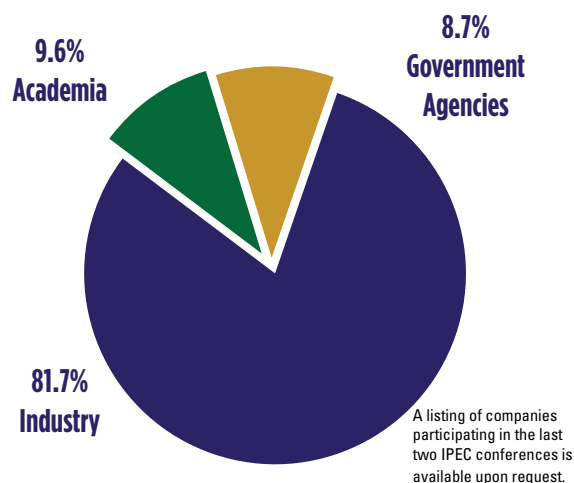

Chart represents 7 year average: 2009 through 2015

97% of the participants rated this conference "Excellent" and "Good"

IPEC is About:

- Establishing new business contacts and visiting with colleagues from previous conferences.
- Hearing first-hand what leading professionals have to say on the important environmental issues you face.
- Technical sessions which give up-to-date information on new technologies and solutions.
- Finding out what has worked for others who have experienced environmental problems in exploration, production and refining.
- The Industry Exhibits which show what's new in research, products and services.

“In the many years that I have been associated with and actively supported the International Petroleum Environmental Conference (IPEC), it has continually provided excellent insights concerning solutions for environmental issues we face. The conference consistently showcases presenters with high levels of expertise and knowledge representing the cutting edge of current research and practices, drawing professionals from various aspects of the industry. Primary Natural Resources renews its sponsorship and support of IPEC each year as a testimony to the quality and effectiveness of the conference.”
— G.R. “Rich” Talley, CEO, Primary Natural Resources

If you are interested in being a corporate sponsor, please contact Pat Hall no later than September 30, 2016.

NOTE: Sponsorship commitment is due by June 30, 2016 to have your company name included in the IPEC conference promotional brochure.
